Dear Mr. Ondrasek:

Insurance Services Office (ISO) has submitted a recommendation concerning your community's Public Protection Classification (PPC). Currently, the Community's Public Protection Classification rating is a Class 9/10.

**Insurance Services Office is recommending the classification be changed to Class 8B/10, with an effective date of 08/01/2008.** The recommendation is based on a review of your community performed on 08/16/2006 and does include application of the Texas Addendum.

With a split Class 8B/10, all property located within 5 miles of a fire station, will use **Class 8B**, whereas, all property located farther than 5 miles of a fire station will use **Class 10**.

Public Protection Classifications range from 1 (best) to 10 (worst).

We have reviewed the information provided and believe it is sufficient to grant approval. We will notify Insurance Services Office of our approval of the recommendation and of the 08/01/2008 effective date.

If you have any questions regarding this change, I may be reached at the address indicated above or by telephone at (512) 305-7941.

***Please make sure all community officials and residents within your district are notified of the new Public Protection Classification rating for your community, and the effective date.***

Sincerely,
